We are looking for Employees and Employers to test telework on a temporary basis. If you've thought about working from home, this is a good opportunity to introduce telework to your boss.

If your organization doesn't offer telework or offers it only informally, use our toolkit to set up telework so it benefits both employees and the organization.

To learn more: Google "Telework Pilot Project" or go to: www.KitsapRegionalCouncil.org/telework.html or call: Vicky Clarke at (360) 377-4900.

Don't Delay. November is Sign-up Month!
