Which of the following best describes your telework experience prior to participating in this pilot project? (Try to check only one answer, but you can check two if both are currently true for you)

- 1=I've never teleworked prior to participating in this pilot project
- 2=I have teleworked in the past, but wasn't teleworking when the pilot project started
- 3=I occasionally telework on an unscheduled basis (Example: take work home when I need to concentrate on something)
- 4=I frequently travel in my job and telework from hotels, client offices and other remote locations
- 5=I typically telework on a scheduled basis - at least one day every two weeks
- 6=Other

If you are currently teleworking (occasionally or regularly), check the number of days you teleworked in the last two weeks.

1=No days	3=2 days	5=4 days	7=6 days	9=8 days	11=10 days
2=1 day	4=3 days	6=5 days	8=7 days	10=9 days	

Last week, what type of transportation did you use each day to commute TO your usual work location? Select ONLY ONE type of transportation for each day.

If you use more than one type, select the type used for the LONGEST DISTANCE.

Select "Carpool" only if at least one other person age 16 or older was in the vehicle.

Select "Teleworked" if you eliminated a commute trip by working at home, at a Telework Center, or at a Satellite Office that is located less than half the distance as your usual work location.

If you used a ferry for the longest distance, check the type of transportation you took to the ferry terminal (if you used more than one type to get to the ferry terminal, check the type that was the longest distance.)
